

# Power In Place

## Personal & Professional Leadership Development for Women

Sarah Rozenthuler & Sarah-Jane Menato

1<sup>st</sup> to 2<sup>nd</sup> November 2017 Violet Hill Studios, 6 Violet Hill, Maida Vale, London, NW8 9EB

### A two-day programme for women investing in their authentic capacity to lead powerfully

Given the complex global challenges we are facing – climate change, rising inequality, digital disruption – leaders are increasingly needing to strengthen their inner capacity to 'meet' what comes at them with power and grace.

**Power In Place** is a highly participatory two-day programme that explores how to align leadership with undervalued feminine capacities such as embodied knowing, cyclical awareness and surrendering to what wants to happen. It provides practical tools, deep insights and authentic companionship to explore how to overcome obstacles and make the most of opportunities, enabling women to lead from new ground.

This programme is for women who are:

- *Engaged in front line work, whether in the private, public or third sector.*
- *Bringing to an end structures that no longer serve or creating new life-affirming structures.*
- *Experiencing a sense of transition whether in their personal or professional life (or both.)*

### The benefits

Participating in this programme enables women to:

- *Access untapped strengths that are essential for leadership and wellbeing.*
- *Deepen their commitment to using their own authentic power creatively.*
- *Have greater confidence to take action by having a clearer sense of their own 'right place' in the world.*

The programme encourages, supports and challenges women to move forward in their leadership in their own unique way. By exploring the creative tension between 'building' and 'birthing', 'creating' and 'incubating', 'deciding' and 'dreaming', untapped power and energy come out of confinement. **Power In Place** equips women leaders to play their part in generating new solutions to the systemic 21st century challenges facing us all.

### Your programme leaders
